

Anchor House Update - July Edition

Our Community Grows

We hope everyone is having a chance to enjoy these long and warm summer days. We are grateful for the bountiful year round support of our community, partners and donors who help us provide our youth with the support and resources they need to thrive.

This July, Anchor House is **pleased to welcome Christine Sadovy and Russ Buckley as our newest board members.** Meet our leaders below as we look forward to another productive year ahead!

New Board Member Russ Buckley

Russ Buckley is an actuary and insurance professional with over 30 years of experience, including nearly two decades in senior leadership roles of insurance organizations. **Russ has been involved with Anchor House for nearly as long as a rider in our Foundation's Annual Ride for Runaways while helping to raise awareness of the needs of at-risk youth in our community.**

Russ is excited to expand his commitment to Anchor House and is grateful for the opportunity to provide a helping hand to others in thanks to those who have provided such a hand to him. He is looking forward to supporting youth in their efforts to acquire the skills and knowledge needed to succeed and thrive in today's world.

New Board Member Christine Sadovy

Christine Sadovy currently serves as Chief of Staff at the New Jersey Board of Public Utilities (NJBPBU). Prior to joining the NJBPBU Christine spent over eight years

working in advocacy in New Jersey at the Sierra Club and Planned Parenthood Action Fund of New Jersey where she led the campaign to restore funding for critical women's and reproductive healthcare.

Christine's commitment to making New Jersey the best state for all residents, as well as her upbringing in Trenton led her to an interest in joining the Anchor House board. She looks forward to working with board and staff members to ensure youth and young people have a place to go and the help and services they need.

Funder Spotlight: Rite Aid Foundation

The Rite Aid Foundation has supported Anchor House for the past few years and we are especially grateful for their generous support during the pandemic this past year.

We are proud to be a part of a select group of nonprofit partners who join the Rite Aid Foundation in helping to improve the health and well-being of children living in our communities. Thank you to the Foundation for recognizing the importance of investing in our youth and for your meaningful contribution!

Anchor House Foundation Ride/Walk for the Runaways

Thank you to the Anchor House Foundation for organizing the 43rd year and to all the event participants and their supporters! The in person 500 mile bike ride kicked off from the Princeton Shopping Center earlier this month. Participants kept it local this year cycling in and around Mercer County. The walkers/runners have also completed their challenges. The support and efforts of everyone is invaluable in helping us provide critical services to youth!
